

CAMP FRIENDSHIP EQUESTRIAN CENTER

Ride On!

Riders of all levels are welcome at the
Camp Friendship Equestrian Center.

Each camper is placed into lesson groups based on riding level and paired with a horse or pony specifically chosen for them. The pair stays together for the duration of the session as they progress daily.

Hunter/Jumper in style, our program focuses on safe horsemanship, solid fundamentals, and, naturally, having lots of FUN!

Girls, Ages 9-16

Where **HORSE CRAZY** Girls Go To Camp!

Equestrian campers eat, sleep, and breathe horses! They live in our Equestrian Village with lodging just across from the barn, ride twice daily, and participate in many horse-related activities. Mounted and unmounted horsemanship lessons focus on mastering fundamentals and connecting with our equine friends.

Equestrian and traditional campers enjoy meals, free swims, and camp-wide evening activities together.

Horse Sense

Camp Friendship ponies and horses are wonderful! All year long, our barn is home to more than 60 furry friends of many sizes, breeds and colors. Chosen for their temperament and versatility, they are trained specifically for our camp programs and maintained under Skye's watchful eye.

Horse Play

Eager young riders. Sweet-tempered horses. And lots of room to roam! Trail rides, games on horseback, and bareback river rides are Friendship favorites. Safety is number one, but fun is a very close second.

Sleeves Rolled Up

Getting a little dirty is all in a rider's day. We believe in kind and capable horse care, so equestrian campers are responsible for the care of their 4-legged friends. This includes grooming and tacking for every ride. Campers and counselors also clean stalls together to ensure their horse is healthy, safe, and comfortable.

Skye's Crew

Skye Ackenbom

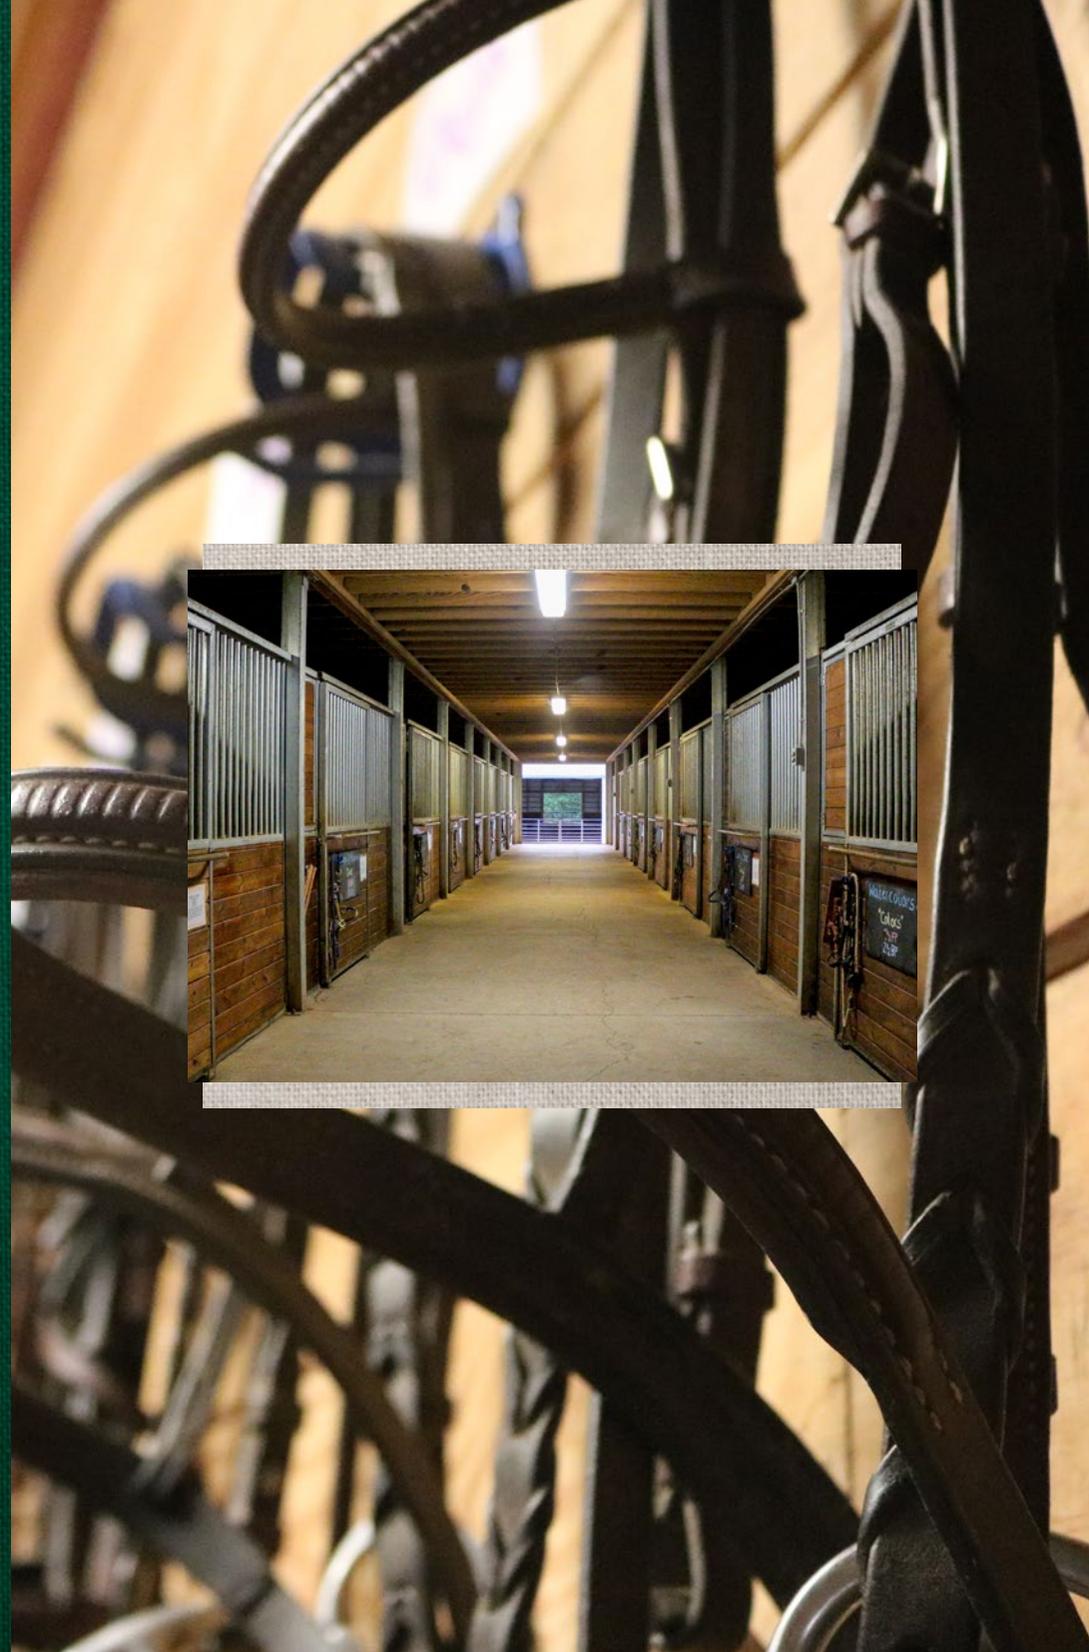

Director

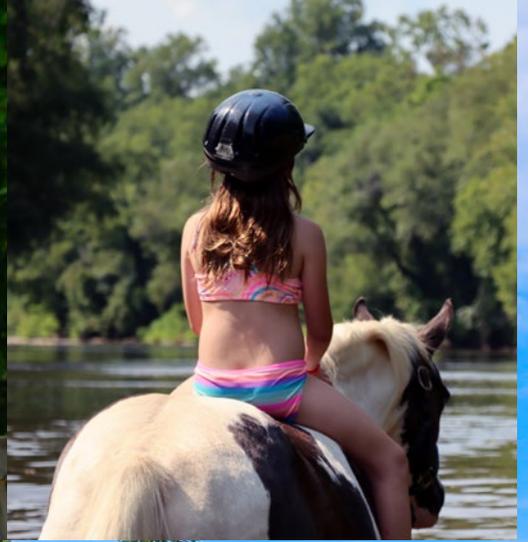

Skye grew up at Camp Friendship, the wonderful place her father founded. It was only natural that she became a camper, counselor and riding instructor. She showed at local and rated levels all over the country. Skye returned to Camp Friendship as the Equestrian Director in 2004 after graduating with a Bachelor's Degree in Psychology. Today she maintains the high quality of the Equestrian Center while overseeing the day to day operations of Camp Friendship. She is especially proud to be able to build on her father's legacy.

The Equestrian Center is run year-round by a small team of equestrian professionals. Our summer staff are recruited from equestrian teams and colleges from all over the United States and abroad. These counselors are chosen not only for their riding expertise, but also for their love of teaching children. All counselors are trained in safety procedures and instructional techniques specific to our program before camp begins each summer.
